

# WARRANTY TERMS

Extract of the Cimco Global Warranty Policy

Publication No. ODM1018, Version 1.0 – May 19, 2017

## Purpose of this document

This document intend to explain the warranty procedure to end customers

## Period and warranty limitations

From the moment of the registration of the first end user, the regular warranty period is limited to a period of 12 months or according to the running/hour limits explained in the table below.

Warranty limitations by effect level	
Effect Level	Warranty limitations
200 HP	A maximum of 800 hours/year.  Full power can be utilized for 1 hour in a 12 hour operational period. For the remaining 11 hours of the operational period, the engine speed must be kept at a minimum margin of 10% below the obtained full load engine speed.

1. Warranty eligibility will not be applicable to damage caused by:
  - Neglect, lack of maintenance, accidental or abnormal operation, improper installation or service by unauthorized personnel.
  - Use of propellers not properly suited to the application/boat load
  - Failure to follow instructions in applicable project service information manuals or users and service manuals.
  - For twin installation vessels, the continual operation of the vessel on only one engine on any other condition other than an emergency situation.
  - Use of an accessory or part not recommended by Cimco.
  - Operating with fuels, oils, lubricants or coolants/coolant additives that are not recommended for use by Cimco.
  - Participating in, or preparing for racing or other competitive activity.
  - Alteration or removal of parts.
  - Use or operation of the product in a manner inconsistent with the recommended operation/duty cycle that has been stated.
2. For the avoidance of doubt, Cimco shall in no case be liable for any defects or damages caused by (a) accident, neglect, misuse or improper storage, (b) alterations or re-pairs made by Distributor or a third party without Cimco's prior written consent, or (c) normal wear and tear.
3. "Improper use" also includes failure to adhere to specified maintenance and repair requirements and unauthorised modification

4. Unauthorised modification of components or systems, unapproved or inappropriate installation, or the fitment of additional equipment not approved by Cimco may invalidate any warranty on those or other affected components /systems.
5. Defects that arise as a result of fitting of parts that are not Cimco parts supplied by Cimco, or defects connected with such use, are not covered by the Cimco warranty.
6. Cimco can not be held responsible for consequential damage, including personal injury caused by failure of the product.
7. Oxe Diesel new engines warranty is a first owner warranty. A second or third owner etc. of a Oxe Diesel is solely responsible for settling any warranty issues with his Vendor.

## Product registration

Ask your dealer/local distributor for the warranty registration receipt at the moment of purchase.

## Repairs under warranty

Cimco agrees to **only remedy manufacturing or material defects during the warranty period**. The remedy may consist of a repair or replacement, as determined by Cimco.

## Customers responsibility

Conduct services and maintenaces in time and using only Cimco Marine Genuine Parts as explained in the Cimco Service Manual, Publication N. ODM1004.

Any manufacturing or workmanship defect must be notified immediatelly to your nearest Oxe distributor (For contact information about world-wide distributors network visit [www.oxe-diesel.com/contact](http://www.oxe-diesel.com/contact) ) within a period of maximum 10 Days. Any claims after this period will be dismissed and therefore not eligible for warranty.
